

Truong Son Nguyen

Senior Software Engineer | AI & Cloud Systems

📍 Ho Chi Minh City, Vietnam | 📞 +84 909 691 776 | ✉️ sonnguyentruong87@gmail.com | 🔗
[LinkedIn](#) | [GitHub](#) | 🤖 Azure AI Certified

🚀 Executive Summary

Senior Software Engineer & AI Systems Architect with **10+ years of hands-on experience** leading engineering teams, modernizing enterprise architectures, and building production-grade AI platforms across Python, .NET, and Node.js. Proven track record in leading engineering squads at KMS Technology and architecting **autonomous AI agents, Retrieval-Augmented Generation (RAG) pipelines, FastMCP servers, and multimodal AI applications** (GPT-4 Vision). Certified Azure AI Engineer Associate combining deep full-stack & cloud mastery with state-of-the-art GenAI orchestration.

🔧 Technical Skills & AI Stack

- **AI & Machine Learning:** Generative AI, Autonomous Agents, LangChain, LangGraph, LlamaIndex, RAG Pipelines, FastMCP Server, GPT-4 Vision, Llama-Guard, PII Guardrails, Prompt Engineering
 - **Full-Stack Engineering:** Python (FastAPI, Django), TypeScript, React, Next.js, C# (.NET 6, ASP.NET Core, Blazor), Node.js, Express, REST & WebSockets
 - **Databases & Vector Search:** PostgreSQL, Pinecone, Qdrant, ChromaDB, Cosmos DB, SQL Server, MySQL, Redis
 - **Cloud & DevOps:** Azure (Certified AI Engineer Associate), AWS, GCP, Docker, Apache Airflow, Kafka, RabbitMQ, CI/CD, GitHub Actions
-

🏆 Certifications

- **Microsoft Certified:** Azure AI Engineer Associate | **Azure AI Fundamentals**
 - **Artificial Intelligence on Microsoft Azure** | **Generative AI:** Prompt Engineering Basics
 - **AI Agents & Agentic AI** with Python & Generative AI
-

💼 Professional Experience

Independent AI Consultant & Software Engineer | *AI Systems Architect*

Aug 2025 – Present | Ho Chi Minh City, Vietnam - **Homework.ai (Multimodal Socratic AI Tutor):**

Architected an AI tutoring platform using React, FastAPI, Pinecone RAG, and WebSockets. Integrated GPT-4 Vision OCR to extract handwritten equations with 98%+ accuracy, delivering progressive Socratic hints with sub-second latency.

- **FastMCP Agentic Tooling ([linkedin-cv-updater](#)):**

Engineered an open-source FastMCP server connecting AI agents to LinkedIn for profile syncs.

Designed Playwright CDP automation to bypass rate limits and published wheel binaries via GitHub Actions.

- **AI Guardrails & Multilingual RAG Systems:** Architected secure AI assistants (LingoSafe Tutor) using LangChain/LangGraph with PII sanitization and Llama-Guard safety classifiers. Built OCR-aware multilingual RAG pipelines using LlamaIndex, Qdrant, and Apache Airflow.

KMS Technology, Inc. | *Senior Software Engineer*

Jul 2018 – Jul 2025 | Ho Chi Minh City, Vietnam - **Technical Delivery & Architecture:** Spearheaded core service migrations from legacy .NET frameworks to .NET 6, Blazor, and React; refactored relational database queries (SQL Server, PostgreSQL) to ensure 99.9% system uptime and eliminate technical debt.

- **Squad Leadership (1.5+ Years):** Stepped up as Squad Lead for a 3–5 developer squad; managed sprint technical breakdown, established automated CI/CD code-quality gates, and reduced defect density by ~25%.

- **Cross-functional Collaboration:** Partnered directly with US-based Product Owners and Solution Architects to translate business requirements into modular, maintainable technical roadmaps.

- **Mentorship & Engineering Standards:** Mentored junior and mid-level engineers through structured pairing and code reviews, elevating overall squad delivery standards.

TIKI Corporation, NashTech & Early Career | *Senior Software Engineer*

Sep 2009 – Jul 2018 | Ho Chi Minh City, Vietnam - **High-Scale E-Commerce & Systems:** Architected high-throughput integrations using Kafka, RabbitMQ, and Odoo ERP for Order Fulfillment & Inventory at TIKI; engineered US retail gift card systems (Python/Django, MySQL) at NashTech; built interactive educational applications (.NET, Python, React).
